# Introduction

Community planning is both *process* and *project* based. The aims are to establish action based strategic plans through direct consultation, negotiation and communication between individual members of the community.

- It provides a way of involving, energising and empowering people to work together, plan for and achieve common goals.
- It recognises the integral links between economic and community development and community members.
- It focuses on techniques for the generation of ideas, establishment of priorities and action planning which directly involve and value the ideas and initiatives generated by individual members of the community.

The planning process is developed to:

- Encourage community involvement in planning for future growth
- Encourage communities to realise their potential
- Revitalise business
- Increase employment and enterprise opportunities

The benefits for the community are:

- People need to feel valued, listened to and important. The community planning process provides a forum for communication and partnership. It is designed to involve and empower people to become more actively involved in determining their future.
- Community ownership and active involvement with projects helps generate strong feelings of belonging, being valued and making a difference.
- Creation of strong links between groups opens channels for communication, shares the work load and promotes understanding.
- Valuable feedback and input for the Shire Council is possible through greater representation.

The community of Augusta has great spirit and commitment. They have been willing to continue to update their community plans over the years. The Augusta Community Development Association has been very active in ensuring that the community of Augusta has been consulted through the community planning process and I commend ACDA for their persistence and lead role in the organisation of these events.

The 2011 Community Planning Day was once again a testament to the active involvement of the Augusta community, and the following report is documentation of the future aspirations of those who attended. I wish the action groups well in their endeavours to bring to fruition their priority projects. I know they will be ably supported by the community.

I would also like to take this opportunity to thank the Augusta Community Resource Centre for their financial and organisational assistance, the Shire of Augusta Margaret River and the small group facilitators:

# Agenda

- 9.30am Registration
- 10.00am Introduction by Eric James
- 10.05am Introduction by Cr Ray Colyer
- 10.10am Introduction of guest speaker by Paul Sofilas
- 10.15am Guest Speaker – Kim Petersen
- 10.25am Setting Ground Rules
- 10.30am What has been achieved in our community in the last 5 years?
- 10.40am What have been some barriers to achieving more?
- 10.50am What's great about our community?
- 11.00am What would you like to see more of?
- 11.10am Group Sessions Part 1
- 12.45pm Lunch
- 1.30pm Group Sessions Part 2
- 2.30pm Feedback to main group
- 2.55pm Summary and thankyou's
- 3.00pm Cr Mike Smart final address
- 3.05pm Close

# Whole Group Sessions

## Achievements

- New small heated swimming pool
- Plans to redevelop Turner Caravan Park
- Karridale Hall – gutters/paint
- Hamelin Bay beautification
- New business in Main Street
- Ryall Foundation and benefits
- Settlement Strategies – Karridale & Kudardup
- Storage facilities Historical Society
- Fire Shed upgrade
- Lighthouse cottage & tower upgrade
- Fishing platform with disabled access
- Multi purpose use court at Augusta Primary School
- Volunteer nursery
- Playground/gym equipment at foreshore
- Town Planning Scheme adopted
- Emergency Management plans
- River walkway
- Industrial walkway
- New ambulance
- Pilot activated runway lights
- Establishment of town markets
- New community bus
- Fencing around town oval
- Events – Anaconda/Cape to Cape Mountain Bike Race

## Barriers

- Money/resources
- Energy
- Employment opportunities
- Awareness
- Engagement with young people
- Absent land owners
- Strategic/Council/community alignment
- Lack of cohesion

# Group Sessions Part 1

Using a world café model participants were asked to go to a small group workshop to discuss the following topic areas. Participants were requested to go to the topic of their first choice. Opportunity was given throughout the morning for people to move into another workshop topic area. Participants were asked to address two key questions: what's working well and what are the opportunities in this area.

1. Agriculture
2. Economic vitality & tourism
3. Environment
4. Active Ageing
5. For our younger people
6. Townspaces
7. Something different
8. Disability access & inclusion

## **1. Agriculture**

### What's working well

- Local content/produce being marketed
- Sustainable ocean fishing
- Bio filters – control discharge into river from vineyards
- Pristine environment
- Drum muster – replanting creek
- Agricultural regulation – weed eradication
- Cattle/sheep
- Rain
- Aquaculture
- Tree farming
- Vineyards
- Olives
- Dairy
- Poultry
- Deer/pigs/alpacas/goats

### Opportunities in this area

- Vertical integration – wind power, water, fish, fertilizer
- Utilise town water
- Alternate water sources
- Consultation EPA dams
- GM policy future crops
- Augusta-Karridale label/own brand
- Organic crops – garlic
- Identification of weeds
- Seaweed farm
- Avocado crops

- Producing/utilising local products
- Co-op set up to sell local produce (lots of empty shops in town)
- Bees and by-products (wax, honey, royal jelly)
- Local farmers encouraged to sell at local markets or “Farmers Markets” in Augusta
- Wind as an energy source
- Support farmers – during hard times, greater business training
- Leeuwin Ward to become more self-sufficient in food etc.
- Protection of industries working well
- Processing precinct (Donnybrook concept?)
- Vegetable production
- Hemp
- Fish farming (abalone, marron, yabbies, trout)
- Local produce marketing (IGA)
- Water farming
- Alternative energy - wind/solar, wave power
- Medicinal herbs
- Transition town
- Added quality
- Mobile abattoir (change legislation to local producers being allowed to kill & sell produce)
- Farm, collect seaweed (vertical integration)
- Supporting farmers to diversify and take advantage of tourist market
- Improve communication between agricultural producers
- Community garden
- Supporting the smaller producers
- Community supporting agriculture

## **2. Economic vitality & tourism**

### What's working well

- Anaconda
- Cape to Cape Mountain Bike Race
- Augusta Masters
- Spinners & Weavers group
- Garden Club
- Recreational pursuits – river, land, sea
- Whale watching
- Walkways
- Grey nomads
- Augusta Historical Museum
- Natural/pristine environment
- Lighthouse
- Turner Caravan Park – keep as is
- Flinders Bay Caravan Park
- Jewel Cave
- Golf Club – events, quality of course
- River path – easy access
- Community events
- Arts
- Garden Spring Show
- Lions Recycling
- Augusta's history

## Opportunities in this area

- Events similar to Anaconda
- Longer lead time & advanced planning for big events
- Communication within community
- Big whale feature required
- Get entire Shire support
- Heritage focus
- Rebranding and appropriating Augusta's natural assets – eg: Leeuwin Lighthouse, adventure tourism, hiking, safe kayaking – make Augusta mappable
- Development – micro business
- Children's holiday activity days during school holidays
- Market/promote Augusta better
- Promote rich history
- Re-inventing Augusta
- Staff training – at AMRTA
- Upgrade Leeuwin scenic drive
- Designated bus parking
- Move Museum & Tourist Bureau to town entrance/Allnutt Terrace
- Incentives to stay longer
- Cooperative marketing
- Whale watching tower
- Albion House replica
- Cutting of river mouth/stabilise cut
- Studies to determine alternative cut/opening
- Upgrade golf course – sand green masters, look-out, seating, cafe
- Bridge to East Augusta
- Connected to Scott River Rd
- Marina in Dead Water
- Networking
- Augusta to Busselton walk trail upgrade
- Upgrade signage
- Development of online exposure – Facebook exposure
- Access to Augusta
- Historic interactive precinct based upon "ideas"
- Shared signage supporting neighbouring interstate Shire tourism bodies
- Extending walkways
- Development of Davies Park
- Recognition of Augusta's tourism facilities
- Upgrade historical museum
- Native vegetation arboretum
- Upgrade access ways at Donovan Street
- Discussion with landlords and real estate agents regarding vacant shops
- Redevelopment of Town Centre – no cars in market square
- Upgrade signs – public toilets
- Mini golf & playground area
- Facilities for disabled tourists
- Childcare/crèche facility for all the young families in town – bringing business to Augusta rather than Margaret River

### 3. Environment

#### Opportunities in this area

- Upgrade Flinders Bay access to beach
- Utilise existing boat ramp and jetty when marine park is built
- Illegal camping
- Control of galahs and white cockatoos
- Seaweed collection by residents
- Street tree planting
- Local self sufficiency eg: power & food
- Volunteer coordinator (on a local basis)
- Communicate opportunities – letter clean up, tree planting
- Reduce flow of nitrates and phosphates into river
- Expand sewerage system
- Get proactive
- Recycling bins – individual households
- More nature based education
- Keeping our uniqueness
- Community directory (in Pelican Post)
- Method of treating weeds – work to eliminate poisonous chemicals
- Preserve bushland reserves
- Rubbish bins – not enough in town area and at beach
- Underground power
- Town gas and service pipes
- Residents green area – for burning by town brigade
- Limit spread of town boundaries
- Wood burning ban
- Vegetation of creek lines
- Maintenance of inter-tidal zones
- Extension of walkway to Matthew Point
- Less fragmentation of environmental management (DEC/Shire/crown/private)
- More support for community environment groups
- More funding for Cape to Cape track
- Recycling water for use in town areas, eg: greening reserves & sporting facilities
- Strategic planning for fire, storms & natural disasters
- Community education
- Volunteers – recruitment and retention
- More planting at Hardy Inlet
- Removal of boating from Flinders Pool
- Involvement of University planners
- Complete Cape to Cape link & Rails to Trails – Cowaramup to Augusta
- Feral animal eradication
- West Bay Precinct – single local authority management; weed control, animal plant surveys and access ways – preservation as a ‘wildlife corridor’ from Molloy Island through to the ridge.
- Continuation of walkway north and south of town jetty
- Better recycling facilities so all things can be recycled

#### 4. Active Ageing

##### What's working well

- Spinners and Weavers group
- Garden Club
- Historical Society
- Karridale/Augusta RSL
- Community Resource Centre
- Golf Club well attended
- Par 3
- Croquet Club
- Gun Club
- HACC
- Lodge (Augusta Aged Care)
- Transport to Perth, Busselton, Bunbury

##### Opportunities in this area

- Location exchange facilitation
- Greater use of Community Resource Centre
- Movie screenings at Community Resource Centre
- Telemedicine at hospital
- Drop-in centre
- Fix and staff hydrotherapy pool
- More volunteers for all community services
- Shire green waste pickup
- Positive employment for mature age residents
- Transport out of Augusta
- Retirement Village
- Expanded medical services with specialists
- Airconditioning at hospital
- More paid carers
- Paid domestic help (availability)
- Social meeting space in Town Centre
- Better boating facilities, sea & river – accessible for elderly
- Coordination between community groups for movie screenings
- Welcome committee for new residents
- Education of resources/facilities available at Community Resource Centre and other services
- More engagement by the Shire in Augusta
- Raise the profile of Augusta
- Better pathways for gophers (wider & smoother)
- Gopher education and awareness
- Attract younger people
- Grief support group
- Old people's respite home – expand and improve current service
- Re-do street/kerbside numbers on verge
- Lodge - good outdoor area – BBQ and activities
- More interaction with younger community

## 5. For our younger people

### What's working well

- Community radio – opportunity for youth
- Junior football
- Play equipment at Turner Caravan Park
- Walkway along foreshore (bikes and skateboards)
- Skatepark
- Karridale & Augusta Primary Schools
- Alexandra Bridge camping
- Turner Caravan Park
- River and beaches great for kids
- Netball just started
- Swimming lessons at hydrotherapy pool
- Town jetty for fishing
- Relatively safe environment
- Surfing (and water sports in general)

### Opportunities in this area

- Youth Advisory Council
- Scouts/Girl Guides
- Community bus – sporting, to Margaret River
- Networking – carpooling
- Community cohesion – to feel part of the community
- Men's shed – include youth
- Classes for young – taught by adult advisors (older generation in community)
- Skill shed
- Youth Room – TV, pool table etc.
- Augusta community portal – social network
- No support for youth to become independent (ie: driving lessons\_
- Relocation of library to Community Resource Centre and Shire precinct (some funding already available) and small playground
- Central park in town centre
- Cross walk on main road – proper zebra crossing
- Surfing lessons/classes
- Alternative playgrounds
- Centre for marginalised people – health, assistance, education
- Cultural Centre facility – art, writing, music (band training)
- Observatory
- Community development groups – knowing who to go to, to get the ball rolling
- A voice for the young people
- High School
- Employment opportunities
- Guidance counsellors to steer teenagers in right direction
- Recreation Centre – with good accessibility and quality gym equipment, squash courts, lap pool, crèche, room for classes
- Day Care Centre including occasional care
- Voice for youth
- Decent fenced playgrounds with BBQ's and toilets
- Using facilities at Karridale
- Finish pathways from Flinders to jetty

- Cycle pathways out to Caves Rd and to the Lighthouse
- Lifeguard for ocean
- BMX – expand to adventure playground, climbing wall etc.
- Equestrian facility and riding trails
- Formalise motocross track
- Protect existing playgrounds – keep them upgraded and safe
- Upgrade existing playground at Colourpatch – opportunity to make this a great place for kids
- Youth room – need a liaison person to monitor
- Paintball
- Cinema
- Safe crossover in front of school

#### (Suggestions from Primary School)

- Extend the skatepark
- BMX track
- Extend skatepark (no mural)
- Bike shop
- Laser tag – paintball
- Zoo
- Better recycling place
- Pet shop
- Retail shops
- Swimming pool/tidal pool/water slide
- Jewellery shop
- Theme park
- Motocross track
- Cinema
- High School

## **6. Townspaces**

### What's working well

- Town surviving
- Colourpatch foreshore
- Flinders Bay
- Lighthouse
- Fire trucks Molloy Island
- Oval/sporting facilities
- Boardwalk
- Re-veg work
- The fact we have townspaces
- Donovan Street bushland / Flat Rock area
- Boardwalk along river
- Flinders & Turner Caravan Parks

### Opportunities in this area

- More walkways (eg: to lighthouse and heading north)
- Interpretive signage
- Family hub/meeting point with playground/BBQ's
- Entrance statement
- Traffic treatments

- Utilise empty spaces
- Maintain/upgrade existing facilities
- More BBQ's
- Protection of open space/public land
- Initiatives to encourage tourists to stay longer
- Art work/sculptures
- Area near newsagency – develop as informal meeting place
- Dog exercise area (along foreshore to lighthouse)
- Communication/noticeboard
- Keep improving Colourpatch area – better directional signage, tables etc.
- Promote Colourpatch area better
- User friendly carpark in town
- Relocate library to Community Resource Centre/Shire Admin Building area
- Access from school/Augusta Heights to centre of town
- Revitalise Flinders Bay foreshore
- People's park in town centre
- Retirement village close to town
- Parking at entrance to town for caravans
- More enforcement of illegal camping
- Alternative camping areas
- Central location for Shire offices/Resource Centre
- Tourist centre closer to town
- Pictorial map of town at entrance
- Heated sea-water pool at Flinders Bay
- Relocate or screen industrial area
- Redevelop Ellis Street jetty
- Barge to East Augusta
- Community garden
- Remove Doonbanks sign
- Improve appearance of vacant blocks
- Whale watching/observation tower
- Art Club/gallery/cultural events in vacant shop in town
- Sign at Karridale pointing out Augusta's attractions
- Indoor play area for young non-school aged children
- Another outdoor and fenced playground for children – perhaps more nature based
- Better use of the outdoor area at the pub – undercover areas and something for the kids

## **7. Something different**

### What's working well

- Colourpatch
- Community radio – simulcasts
- HACC
- Community assets – Lighthouse, Jewel Cave, whales, river

### Opportunities in this area

- Kinetic 'street art'
- Empty shops for other uses
- Observatory in town – whale watching, underwater
- Building/lookout at Golf Course
- Equestrian area/facility

- Motorbike areas
- Signage promoting the history of area with a real message
- 2 Oceans Road – Augusta to lighthouse
- Swap meets
- Highlight Aboriginal heritage
- Identify and raise awareness of Augusta
- Easy access for swimmers – rocks at Flinders Bay
- Culture – facility for people to grow, spiritual development
- Library
- Community service centre
- Assist access to help – meals, health, phone
- Self-sufficient – market garden, markets
- Wind farm
- Transition – self-sufficient energy
- Heritage display at Karridale Hall – afternoon tea, gatherings
- Identify Leeuwin branding

## **8. Disability access & inclusion**

### What's working well

- Dead Finish (fishing access)
- Pensioners jetty – Ellis Street
- Walkway map
- Disabled access to supermarket
- Safe place (for families and disabled)
- Small size
- Lions BBQ area (Colourpatch) with disabled access
- Kudardup Adventure Facility
- Boardwalk
- HACC bus (wheelchair ramp)
- Volunteer drivers program (assistance to access medical appointments)
- IGA home delivery (& community support)

### Opportunities in this area

- Road crossing places & footpaths for gophers (especially corner near service station)
- Signage
- Scenic gopher track that links with footpaths, jetties and bike tracks
- Hydrotherapy pool always closed!
- Disability/Aged Care Hospice – training, medical staff, care givers
- Thalasso Therapy: education, relaxation, massage
- Link hydro & Thalasso therapy facility with tertiary institution – practical assessment for trainees; trainees included on supervisory roster
- Establish centre of excellence in human care – special needs
- Dementia care
- Connection to 'My Working Life' trail
- Disabled access – small boat harbour, coupled with special needs accommodation and suitable boat
- Improve disabled access at Ellis Street end of boardwalk
- Improve access/upgrade pensioners jetty & signage
- Review hydrotherapy pool – scale and location
- Gopher path – Donovan Street
- Community bus (disabled equipped) to complement HACC services
- Greater utilisation of HACC bus

# Augusta Community Priority Projects

At the end of session one – all materials generated from the small groups were allocated to the plenary area and participants were requested to vote on what they saw as a priority project for the Augusta community.

The results were as follows:

## **Agriculture**

- Augusta-Karridale label/own brand
- Co-op set up to sell local produce (lots of empty shops in town)
- Support farmers – during hard times, greater business training
- Leeuwin Ward to become more self-sufficient in food etc
- Water farming
- Mobile abattoir (change legislation to local producers are allowed to kill, produce & sell)

## **Economic vitality & tourism**

- Rebranding and appropriating Augusta's natural assets – eg: Leeuwin Lighthouse, adventure tourism, hiking, safe kayaking – making Augusta mappable
- Development – micro business
- Market/promote Augusta better
- Promote rich history
- Re-inventing Augusta
- Staff training – at AMRTA
- Upgrade Leeuwin scenic drive
- Designated bus parking
- Move Museum & Tourist Bureau to town entrance/Allnutt Terrace
- Cutting of river mouth/stabilise cut
- Augusta to Busselton walk trail upgrade
- Access to Augusta
- Recognition of Augusta's tourism facilities

## **Environment**

- Volunteer coordinator (on a local basis)
- Communicate opportunities – better clean up, tree planting
- Recycling bins – individual households
- Preserve bushland reserves
- Community education
- Removal of boating from Flinders Pool
- West Bay Precinct – single local authority management; weed control, animal plant surveys and access ways – preservation as a 'wildlife corridor' from Molloy through to the ridge.
- Continuation of walkway north and south of town jetty

## **Active Ageing**

- Greater use of Community Resource Centre
- Movie screenings at Community Resource Centre
- Fix and staff hydrotherapy pool
- Shire green waste pickup
- Retirement Village
- Better boating facilities, sea & river – accessible for elderly
- Better pathways for gophers (wider & smoother)

## **For our younger people**

- Youth Advisory Council
- Youth Room – TV, pool table etc.
- Recreation Centre – with good accessibility and quality gym equipment, squash courts, lap pool, crèche, room for classes
- Day Care Centre including occasional care
- Decent fenced playgrounds with BBQ's and toilets
- Finish pathways from Flinders to jetty
- Cycle pathways out to Caves Rd and to the lighthouse
- Lifeguard for ocean
- BMX – expand to adventure playground, climbing wall etc.
- Formalise motorcross track
- Upgrade existing playground at Colourpatch – opportunity to make this a great place for kids
- Safe crossover in front of school
- Laser tag – paintball
- Extend skate park
- Motocross track

## **Town Spaces**

- More walkways (eg: to Lighthouse and heading north)
- Family hub/meeting point with playground/BBQ's
- Entrance statement
- More BBQ's
- Protection of open space/public land
- Promote Colourpatch area better
- Relocate library to Community Resource Centre/Shire Admin Building area
- Revitalise Flinders Bay foreshore
- People's park in town centre
- Retirement village close to town
- Pictorial map of town at entrance
- Heated sea-water pool at Flinders Bay
- Whale watching/observation tower
- Sign at Karridale pointing out Augusta's attractions

## **Something different**

- Empty shops for other uses
- 2 Oceans Road – Augusta to Lighthouse
- Highlight Aboriginal heritage
- Transition – self-sufficient energy

## **Disability access & inclusion**

- Road crossing places & foot paths for gophers (especially corner near Service Station)
- Disability/Aged Care Hospice – training, medical staff, care givers
- Thalasso Therapy: education, relaxation, massage
- Disabled access – small boat harbour, coupled with special needs accommodation and suitable boat

# Group Sessions Part 2

Participants were asked to focus on one priority project and develop an action plan for that project.

Action plans were to include:

- What actions are required
- Who will lead and support the group
- How often will they meet
- Other resources required.

## 1. Agriculture

Action group: Nil.

## 2. Economic Vitality & Tourism

Action group: Marketing Augusta

Group leader: Anthony Dale

Priorities: Improve marketing of Augusta

## 3. Environment

Action group: Westbay Action Group

Group leader: Amanda Fimister

Priorities: Preserve and regenerate areas including Flat Rock, the Yacht Club precinct, West Bay and the north shore of West Bay.

First meeting: 10.30am; 24 May 2011; Augusta Community Resource Centre

Other:

*Where to start?*

Collate all existing information

*What to do?*

Work with the Department of Conservation and Environment when vestment of Title of Land has been announced

*By when?*

A long term project that will involve the community.

*How will we keep the community informed of our progress?*

Public meetings, newspaper articles, community radio.

#### 4. Active Ageing

Action group: "The Young Ones"

Group leader: Jenny Wren

Priorities: Retirement Village and Hydrotherapy Pool

First meeting: 10.30am; 23 May 2011; Shire offices

Other:

*Where to start?*

- Hydrotherapy pool - Cr Mike Smart informed the group that the Shire is working to resolve the problem with the pool.
- Retirement Village – getting more people interested, communication

*What to do?*

Retirement Village - identify location

*How?*

Through Mike Smart; being a support group, encouraging more to come on board.

*By when?*

Hydrotherapy pool - as soon as possible.

Retirement Village – at least 2 years.

*How will we keep the community informed of our progress?*

Radio station, Pelican Post, Word of mouth

## 5. For our Younger People

Action group: Augusta Recreation Precinct Strategic Planning Group

Group leader: Sarah Wilson

Priorities: Goal is to upgrade, or start building a new recreational/multipurpose complex where a myriad of different sports such as netball, basketball, indoor cricket etc can be played. We also want a gymnasium, creche, rooms for fitness classes and possibly rooms that physios, chiropractors and health and wellness practitioners can utilise. This would also incorporate the skate park and BMX track that are located adjacent to the Recreation Centre that is already standing, but is so decrepid and dangerous that it hardly gets used.

First meeting: 9.30am; 30 May 2011; Augusta Community Resource Centre

Other:

*Where to start?*

- Funding bodies
- Building assessment

*What to do?*

- Fairburn Centre
- [www.planbig.com.au](http://www.planbig.com.au)
- Contact Troy Jones from Department of Sports and Recreation
- Contact associated sporting bodies involved in above and build on partnerships (cricket, football, netball)
- Contact Shire of Augusta-Margaret River
- Invite other groups/working groups from Planning Day.

*By when?*

Discuss next meeting 9.30am; 30 May 2011; Augusta Community Resource Centre

*How will we keep the community informed of our progress?*

CRC; Pelican Post

## 6. Townspaces

Action group: Augusta Family & Community Hub

Group leader: Belinda Robinson

Priorities: Establish an area with a huge adventure playground and BBQ area.

First meeting: 4pm; 27 May 2011

Other:

*What to do?*

- Contact Shire - what land available, correct zonings – in between skate park and bowling club
- Scout out more community support
- Staged plan - objective, timeframe; explore funding opportunities and in-kind support opportunities
- All Park Australia for BBQ's

*How will we keep the community informed of our progress?*

- Newspaper articles - create wider public awareness
- Survey (local member photocopying for free)
- Talk to members of community
- PlanBig Website

*Other*

- Georgiana Molloy Statue/historical elements/planting/ signage
- Possible locations - Shervington Park – In between skate park and bowling club
- Play equipment/sandpit/colours/activities for older children
- Adventure Playground - multi-age/disability access
- BBQ's
- Kiosk

**7.           Something Different**

Action Group:           Transition Towns

Group leader:           Heather Matthews

Priorities:               Film screenings, online forums and Two Oceans Road (linking scenic drives)

**8. Disability Access & Inclusion**

Action group: Nil.

# *Whole Group Sessions*

At the completion of the planning day small group participants reported back on “where to?” from here.

At the writing of this report most working groups have met and are well on their way to achieving their goals for the Augusta community.

The documentation of all workshop proceedings will give the wider community of Augusta the opportunity to be involved in moving Augusta forward.

# Acknowledgements

Thanks must go to all participants who attended the Planning Day and congratulations for their hard work:

- Augusta Community Resource Centre
- Augusta Community Development Association
- Shire of Augusta Margaret River
- Special thanks to the small group facilitators – their role is vital in the success of a planning day.
- Paul Gravett, Community Development
- Rochelle Booth for her assistance and the compilation of this report.
