This list is provided as an information source for property owners residing in or having a property interest within the Shire of Augusta Margaret River. The information is provided with the consent of the consultants listed. The Shire does not accept any responsibility for the quality, business registration, capacity, insurances and or level or service provided by these consultants. It is the applicant's responsibility to undertake their own due diligence before selecting a consultant to undertake a soil assessment. The Shire has provided this list in good faith, as a reference only.
